EMERGENCY SERVICE PROPOSAL & TIME-AND-MATERIAL WORK AUTHORIZATION

Proposal No. ERH-2026-012-E
Date August 15, 2026 — after-hours emergency dispatch
Service Site United States Post Office, 850 W Jefferson Ave, Hayden, CO 81639
Client Bulldog Construction LTD Co (facilities maintenance, TX)
Client Contact Manny S. · Phone (956) 692-8391 · Manny.s@bulldogconstructionltdco.com
Work Order / PO # _____
Response Crew mobilizing this evening upon receipt of signatures below — target start approx. 6:00 PM

SITUATION

The loading-dock overhead door at the Hayden Post Office has sustained impact damage: the upper glazing panel is shattered, the door will not close, and the door frame and adjacent siding/trim are damaged. The building is open to weather and unsecured. Client has requested immediate after-hours emergency securement.

SCOPE OF WORK — PHASE 1: EMERGENCY SECUREMENT (TONIGHT)

- Remove and safely dispose of the shattered glazing panel and all loose glass/debris at the dock opening.
- Secure or remove damaged door sections as required to make the opening safe.
- Frame and sheath the full dock-door opening with structural plywood/OSB over lumber framing — weather-tight and tamper-resistant, fastened to sound structure.
- Protect interior contents and equipment during the work; broom-clean the work area.
- Full photo documentation (before / during / after) provided with the invoice.

Phase 2 — Permanent Repair: replacement of the overhead door, glazing, frame, and damaged siding/trim will be assessed on site tonight and quoted under a separate proposal. No permanent-repair work is included in this authorization.

EMERGENCY TIME-AND-MATERIAL RATE SCHEDULE

Item	Rate	Notes
Emergency after-hours mobilization & response	\$485.00 flat	One-time; covers dispatch, vehicles, fuel, and response from Steamboat Springs
Field labor — after-hours emergency rate	\$120.50 / hr per tradesman	After-hours emergency rate · 4-hour minimum per man · billed portal-to-portal

Project management & supervision	\$120.50 / hr	On-site management, material procurement, and coordination · 4-hour minimum
Materials & consumables	Cost + 25%	After-hours emergency procurement
Specialty equipment (if required)	Cost + 25%	Only if conditions on site require; approved by phone/text before use

Phase 1 estimated total: \$2,500 – \$3,100

Planned crew: 2 tradesmen + 1 supervisor. **Not-to-exceed (NTE): \$3,500** without further written approval (text or email from Client is acceptable to amend). This is a good-faith estimate — final invoice reflects actual time and materials at the rates above.

TERMS

- Work begins upon Elk Ridge Home LLC's receipt of this authorization signed by the Client's authorized representative **and** site-access acknowledgment by the USPS facility representative below.
- Invoice issued upon completion of Phase 1; payment due upon receipt (ACH, check, or card). Late balances accrue 1.5% per month.
- Any work beyond the Phase 1 securement scope requires prior written approval (change order — text/email acceptable in emergency conditions).
- Elk Ridge Home LLC is licensed and insured (commercial general liability and Colorado workers' compensation). Certificate of insurance and Form W-9 available on request.
- Client warrants it has authority from the property owner/tenant to order this work at this site.
